

**Europartvision
is again shaking up all
codes:**

**Deuxième STR'OFF
EXHIBITION**

**“Dans tous les sens”:
In every sense
28-29 November 2015
Strasbourg / F**

Deuxième STR'OFF, a true springboard for artists!

Following the success of “Première STR'OFF” last year Europartvision is now organizing its second edition in Strasbourg within the framework of its trilogy: “Our senses upside down”.

Europartvision is a non-profit organization dedicated to promoting and exhibiting talented European artists, designers and craftsmen, in synergy with ST-ART (Contemporary European Art Fair in Strasbourg). This year the selected artists have all worked around the theme: **“In every sense”**.

Deuxième STR'OFF, that's:

An Exhibition centred on Discovery:

The five senses taste, smell, touch, hearing and sight provide the link between artists and their public.

An Eclectic and Interactive Exhibition:

The sculptor Pierre Matter, will be the 2015 guest of honor:

This year's program promises live performances, surprises and the latest artistic trends. Each artist must incorporate at least two senses in their creations. They will be on site to exchange with the public.

A European Exhibition:

The 2nd edition of STR'OFF will reunite over forty artists, dedicated to the further development of European creativity.

The artists have been selected by a jury of professionals <http://europartvision.eu/jury-2015/> and a selection of their works is available to browse on line:

STR'OFF 2015 will also propose:

- A gallery space specifically dedicated to children
- Public vote participation for the Europartvision 2015 Prize
- A program of short films
- A musical and chorographical "after" party

STR'OFF celebrates European creativity and abolishes borders. The artists and the public are invited to cross the borders "In every sense".
